Hi Geoff. I'll sit in on the call at 3:30. No worries. Not much to report. Water Gen has the MTA and NDA, signed by the lab. Liat has the CRADA and I have not heard back yet. That's it on our part.

Am curious about the other vendors. Lab should provide a status.

[REDACTED] From what I can tell, its now up to the lab and watergen to get things started with the device, and to Liat to respond to our CRADA mark up so we can keep things going.
